

Mehran Khan

Senior Frontend Developer

+974 71721436 | mehrankhanciit@gmail.com | linkedin.com/in/kmehran | Doha, Qatar

PROFESSIONAL SUMMARY

Senior Frontend Developer with **5+ years of experience** specialising in **React.js**, **Next.js**, and modern CSS frameworks. Proven onsite track record in **Doha, Qatar**, delivering mission-critical government and enterprise web platforms — including portals for the **General Authority of Customs (GAC)**, **Ministry of Justice (MOJ)**, **Qatar Finance & Business Academy (QFBA)**, and **Hamad Bin Khalifa University (HBKU)**. Expert in UI design systems, REST API integration, reusable component architecture, and Agile delivery.

PROFESSIONAL EXPERIENCE

Applab Qatar — Doha, Qatar

Oct 2023 – Present

Senior Frontend Developer

- Develop and maintain scalable web applications using **React.js**, **JavaScript (ES6+)**, **HTML5**, **SCSS**, and **Bootstrap**
- Optimize application performance through **code-splitting**, **lazy loading**, and **component-level optimization**
- Integrate and consume **RESTful APIs**, ensuring efficient data handling and real-time UI updates
- Collaborate with cross-functional teams in an **Agile/Scrum environment**, contributing to sprint planning and delivery
- Ensure **responsive design**, cross-browser compatibility, and adherence to modern UI/UX best practices

VaultsPay — Islamabad, Pakistan

Apr 2022 – Sep 2023

Frontend Developer

- Designed and developed a **fintech web platform and admin dashboard** using **React.js** and **Next.js**
- Built and maintained a **reusable component library**, improving scalability and maintainability
- Integrated frontend with backend services via **REST APIs**, ensuring secure and reliable data flow
- Implemented **state management solutions** and optimized application performance
- Worked closely with designers and backend engineers to deliver high-quality user experiences

Codistan — Islamabad, Pakistan

Jul 2021 – Apr 2022

Frontend Developer

- Translated **Figma and Adobe XD designs** into responsive, accessible, and production-ready web interfaces
- Developed modern UI components using **React.js**, **Next.js**, **HTML5**, **CSS3**, and **JavaScript**
- Collaborated with backend teams to ensure seamless **API integration** and functionality
- Maintained code quality using **Git/GitLab** and followed best practices in version control

AizTek — Islamabad, Pakistan

Oct 2020 – Jun 2021

Frontend Developer

- Developed reusable and scalable UI components using **React.js** and **modern JavaScript**
- Ensured **cross-browser compatibility** and responsive design across multiple devices
- Applied **clean code principles** and frontend best practices to maintain high-quality deliverables

KEY PROJECTS — Qatar Government & Enterprise

GAC — General Authority of Customs, Qatar

Built and maintained the full GAC Dashboard used by customs officials nationwide; focused on performance, accessibility, and team delivery.

| *HTML, SCSS, Bootstrap, Git*

MOJ — Ministry of Justice, Qatar

Revamped the Ministry of Justice public portal — delivered full UI modernisation, component reusability, and 100% responsive layouts.

| *HTML, SCSS, Bootstrap*

QFBA — Qatar Finance & Business Academy

Designed and styled responsive Academy web pages, ensuring visual consistency and optimised performance across all devices.

| *HTML, SCSS, Bootstrap*

Q-Debate — Qatar Debate Dashboard

Sole frontend contributor who designed and built the complete Qatar Debate interactive dashboard from scratch — architected reusable components and delivered a fully responsive, accessible UI aligned with Qatar national branding standards.

| *HTML, SCSS, Bootstrap, Git*

GCO — Government Communications Office Dashboard, Qatar

Collaborated within a cross-functional team to engineer the GCO Dashboard — contributed 40% of frontend components and coordinated UI/UX implementation with the designer.

| *HTML, SCSS, Bootstrap, GitHub*

QFZ — Qatar Free Zone Dashboard

Partnered with a multi-developer team to build the Qatar Free Zone investor-facing dashboard — delivered responsive data tables and accelerated dashboard feature completion by contributing across 3 sprint cycles.

| *HTML, SCSS, Bootstrap, GitHub*

Research, Innovation & Expertise — HBKU

Delivered 3 distinct HBKU platforms onsite in HBKU — built responsive UIs, integrated REST APIs, and managed version control with backend teams via Git

| *HTML, CSS, Bootstrap, React.js, Git*

TECHNICAL SKILLS

Languages & Frameworks:	HTML5, CSS3, SCSS, JavaScript (ES6+), TypeScript, React.js, Next.js
Styling Libraries:	Bootstrap 4/5, Tailwind CSS
State Management:	React Hooks, Context API, Redux Toolkit, React Query
API Integration:	RESTful APIs (Axios, Fetch API)
Version Control:	GitHub, BitBucket, GitLab
Project Management:	Jira, ClickUp, Wrike
UI/UX Design Tools:	Figma, Adobe XD
Dev Practices:	Reusable component architecture, Responsive design, Agile / Scrum

EDUCATION

Bachelor of Science in Computer Science (BSCS)

COMSATS University Islamabad

Graduated: 2020
